We apologise for the lateness of this April Newsletter. We ere unable to get it to you due to email problems following a switch of our broadband supplier.

NURSERIES

APRIL – "April hath put a spirit of youth in everything"(William Shakespeare) – how true is that- we only have to look in our gardens to see young plants pushing their way through the soil and blossom appearing in abundance on our trees.

A spring in our steps and time to get outside and do some of those jobs needing to be done at this time.

Summer flowering bulbs – plant out this month for a stunning summer display – good selection in our shop.

Prune shrubs and trees before the birds start nesting. Cut off dead or damaged wood and greenery on summer flowering shrubs to encourage new healthy growth.

Plant perennials – come and see our excellent selection – all ready to plant now.

Tie in rambling roses and feed all roses now.

Keep early outdoor sowings of crops protected with horticultural fleece.

Hanging Baskets- We have started making up our **bespoke hanging baskets**, do contact us if you would like us to do yours, a lovely selection of plants for you to choose from, or leave it to us if you would prefer. Remember if you require a particular shrub or plant we can try and source this for you – all part of our edict to give the best service we can to our customers. We are still taking orders so bring in your baskets if you need them refilled.

Training Centre

We have three well equipped training rooms. One of the rooms is setup as an IT Training Suite with nine student PCs all with access to the Internet. There is a lecturer's position which can use an interactive Smart Board and projector.

Lettings available all week, including weekends and evenings.

Please contact us if you if want to find out about availability and hire costs. You are always welcome to call in and view the rooms.

Braywick Employment Skills Training (BEST)

We are pleased to announce the resumption of our successful BEST programme. Our team is led by our new Occupational Therapist Nicci Paine BSc (Hons) OT, MA Autism. She is assisted by Lisa Sharp, Ben Tattersfield and Matthew Graham. We have six new candidates on the programme who are working enthusiastically to develop their own skills and we are planning the next stages.

MAINTENANCE

Braywick HEATH Nurseries have maintenance services to help a wide variety of organisations.

Our Corporate Maintenance team has been working hard on several projects in the area. These range from the routine tidying up of flower beds to performing complete garden landscapes.

We have the expertise to solve your garden problems. If you need help to care for your garden, contact Martin on 01628 622510. Or call in to see us, to discuss your requirements.

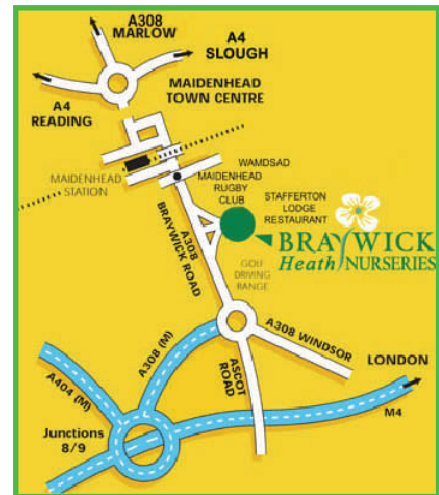

VOLUNTEERS & EVENTS

Our thanks to the loyal volunteers and a team from Adobe, who have helped our staff with the planting of the bedding and perennials that are growing on well and look superb.
